## **DETAILED ACTION**

## Allowable Subject Matter

Claims 17-45 are allowed.

The following is an examiner's statement of reasons for allowance:

The Prior Art doesn't show alone or in combination a lamination configuration for use in a rotor core of a dynamo-electric machine, the lamination configuration comprising a unitary body fabricated from a ferromagnetic material, said body comprising an outer peripheral edge an inner peripheral edge spaced radially from said outer peripheral edge and a plurality of openings that extend through said body between said outer peripheral edge and said inner peripheral edge of the body such that said openings are arcuately spaced about said body, said openings each comprising an a first edge and a second edge, said first edge comprising a tongue, said tongue comprising a fixed end and a distal end, said tongue extending from said first edge into said opening said first edge further comprises a semi-circular notch adjacent said tongue fixed end and said inner peripheral edge.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
